## LIST OF APPROVED INTERNATIONAL MEDICAL SCHOOLS

---

Students from this list of vetted institutions will automatically be sent an application and will be considered for acceptance to do a four to eight week elective at the University of Pittsburgh School of Medicine. Application requests for a student at an institution not on the list will be considered on a case-by-case basis. These application requests constitute an exception and must be processed by the individual clinical department student coordinator. Initial consideration requires that the majority of a school's graduates must practice medicine within that state or country upon graduation. Final approval of these exceptions will be made by the Dean of Students.

<u>INSTITUTION</u>	<u>COUNTRY</u>
Oxford University	England
Cambridge University	England
University of Bonn	Germany
University of Mainz	Germany
University of Ulm	Germany
Hokkaido University	Japan
Seoul University	South Korea
National University of Taiwan	Taiwan
